

I am writing to inform you that I know Mrs Mehraneh Kouch peydeh from her master's degree. During this time, she has always been a hard worker, a researcher, and one of the top students.

Based on my personal experience with Mehraneh, I will see her as not only a talented student and a great researcher with a solid knowledge of Persian literature but also a team member and someone easy to work with who can inspire other team members. I have no doubt that Mrs Kouch peydeh will be successful in your program, and further, I fully expect her to excel and stand at the top of her class. I, therefore, recommend her for your program. If you should require further information, please do not hesitate to contact me.

Yours sincerely,

Reza Satari
