**RECOMMENDATION LETTER FOR DR. SHAGUFTA YASEEN ABBASI**

I am greatly pleased to write this letter of recommendation for Dr. Shagufta Yaseen Abbasi, someone who I have always rated very highly both as a human being and as a colleague. Being a colleague, I spotted two things: her potential to lead, and acumen to learn and learn fast.

She is well versed in Research skills and ethics and knows how to use the power of effective communication to achieve academic goals. She has strong organizational and planning skills, as is apparent from various welfare projects she commenced during her stay at the University. To satiate her desire to grow intellectually and develop professionally, she has now decided to study further at Postdoc level.

I am convinced that at this stage of her career, with an original research project will further hone her skill set and help her become a polished and skilled researcher.

I, therefore, strongly recommend her for this fellowship grants. For sure this international exposure will prepare her as a passionate researcher. I wish her best of luck.

Please feel free to contact for any further information about the applicant.

Kind Regards

Dr. Muhammad Fayyaz  
Assistant Professor  
Department of Persian Studies
