Playtika often releases promotional coin links through their official **House of Fun Facebook page** or email newsletters. Occasionally, they offer high-value links that reward up to or over 1 million coins. These links are time-sensitive and may only be available for 24–48 hours, so checking frequently is essential.

Once you successfully claim your **1 million free coins**, it's important to use them wisely to ensure maximum benefit. Here are the best ways to make your coins last and increase your chances of hitting big wins:

Play Strategically

Many of the more advanced or themed slot machines in House of Fun require a larger coin balance to access. Your 1 million coins give you the freedom to explore these premium options and enjoy features like bonus rounds, multipliers, and free spins.

Participate in Special Events

Save a portion of your coins for special events, which often come with boosted rewards, collectible items, and leaderboards. These events can multiply your winnings and help you earn even more coins over time.

Unlock New Features

Some slot machines and missions require a certain number of spins or wins to unlock. With 1 million coins at your disposal, you can work through these missions faster and gain access to more game features and exclusive content.
