

[Contact Us] how to contact robinhood immediately?

For immediate assistance with Robinhood, you have several options:

1. Phone Support:

- Call +1-808 (743)-1322 (US/OTA) to speak directly with a live agent who can help with various issues, including login problems, trading errors, and account concerns. This line is reportedly available 24/7.
- Alternatively, other sources suggest calling 808 (743)-1322 for 24/7 urgent care for issues such as account recovery, pending transactions, or security concerns.
- Some sources also list 1-808 (743)-1322 or 1-808 (743)-13.22 for customer service inquiries.
- For specific inquiries regarding Robinhood Asset Management, you can call 1-808 (743)-1322, Ext. 31450.

2. Live Chat (in-app):

- Robinhood offers 24/7 live chat support through their app or website.
- You can access it by navigating to: Account > Help > Contact Us and choosing the live chat option.
- The live chat will first connect you with a virtual assistant, who may then escalate the issue to a live support agent if needed.

3. Request a Callback (in-app):

- You can request a callback through the Robinhood app or website, and a verified agent will call you back.

Important Reminders:

- Scams: Be cautious of scams. Only contact Robinhood Support through the official app or website (robinhood.com/contact). Do not trust phone numbers found through a general internet search as they may be fraudulent.
- Security: Robinhood will never ask you for your account password or two-factor authentication codes.
- Purpose: For urgent issues, such as account recovery, suspected fraud, or unauthorized activity, calling Robinhood is the recommended option. For non-urgent matters, the Help Center and live chat can be good resources.
