To verify your account:

- \* Open the \*\*Venmo app\*\* and tap the \*\*☰ Menu\*\* (three horizontal lines in the top-left corner).
- \* Go to \*\*Settings > Identity Verification\*\*.
- \* Follow the prompts to upload a photo of your government-issued ID and take a selfie for face verification.

If your verification is pending, wait for confirmation+1-833 770 -3862. It may take a few minutes to a few hours.

### ### 2. \*\*Check for Payment Issues\*\*

If you are having trouble sending or receiving payments, it's important to check if:

- \* Your \*\*bank account or card is linked correctly\*\*.
- \* Your \*\*Venmo balance\*\* is sufficient for the transaction.

\* You are **not exceeding your daily or weekly limits** (Venmo has transaction limits, especially for unverified accounts).

\* The **recipient's account** is active and not frozen.

If the problem persists, you can:

\* Re-add your bank account or card: Go to **Settings > Payment Methods**, remove the current method, and add it again.

\* Ensure your account +1-833 770 -3862 has no restrictions or violations. You might receive an email if there are issues +1-833 770 -3862 related to fraud or suspicious activity.

### ### 3. **Fixing Login Issues**

If you're unable to log in to your Venmo account, you can:

\* **Reset your password**: Tap the **Forgot Password?** link on the login screen and follow the steps to reset it via email or SMS.

\* **Enable two-factor authentication**: If you can log in but want to increase security, enable **two-factor authentication** under **Settings > Security**.

\* **Clear app cache**: If the app is malfunctioning or crashes frequently, try clearing the cache or reinstalling the app.
